pH NEUTRAL HYDROGEN
RICH WATER GENERATOR

Great Things Come In Small Packages

HYDROGEN: The World's Smallest Molecule

HYDROGEN's incredible ability to help prevent and treat diseases comes from its potent antioxidant ability to neutralize **hydroxyl free radicals**.

As the smallest molecule in the world, **HYDROGEN** can quickly pass through our body to reach organs and cells, promoting healing to damaged tissues caused by oxidative stress, disease, and aging.

● HYDROGEN Molecules

Can penetrate water and lipid.

Molecular size : 2g

● Vitamin C

Water soluble

Molecular size : 176g

● Catechin

Fat soluble

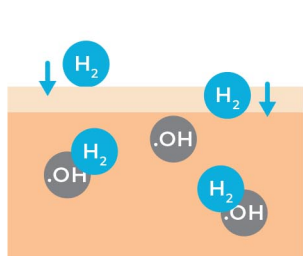

Molecular size : 290g

● Vitamin E

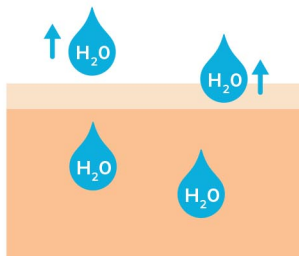

Fat soluble

Molecular size : 431g

How Does HYDROGEN Molecular Works?

HYDROGEN molecules neutralize hydroxyl free radicals

Neutralize hydroxyl free radicals form into water and discharge from our bodies, burden free

What Are Free Radicals?

Free radicals have an unpaired electron, very unstable and allows them to easily react with other molecules. **Hydroxyl free radicals** is one of the free radicals that cause major damage in our body cell, creating oxidative stress in our bodies.

It can damage to fatty tissue, DNA and proteins in your body and leads to a vast number of disease over. These include: *Immune disorders, such as diabetes mellitus, asthma, rheumatoid arthritis, chronic inflammation*, and other fatal diseases such as *cardiovascular disease, cancer*, neurodegenerative diseases such as *Alzheimer's disease* and *Parkinson's disease* as well as aging.

Causes of Cell Oxidation and Premature Aging

Processed Food

UV Radiation

Cigarettes & Liquor

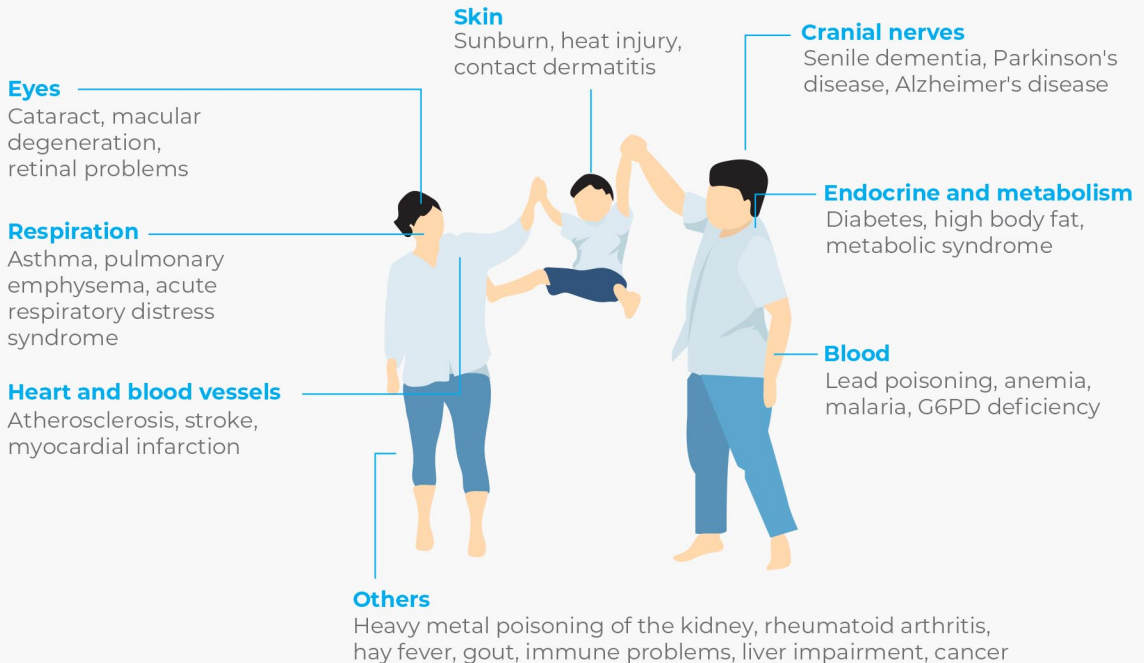

Stress

Insufficient Sleep

Air Pollution

*Currently more than 1,000 medical studies have been released indicating that **HYDROGEN** can improve the quality of life, and in conjunction with other medical therapies, aids in bettering the outcome of standard medical treatments.*

Natural, Safe, and Chemical-Free

BiOLUX Technology Creates Both Pure HYDROGEN Water
and OZONE Water

How OZONE Water Cleans and Disinfects

OZONE (O_3) is **oxygen (O_2)** with an additional oxygen atom. Water infused with dissolved OZONE kills bacteria and viruses through oxidation before reverting back into oxygen, leaving no residue behind.

OZONE Water is chemical-free, organic, and safe to use in place of chemical disinfectants and cleaners in the home.

Washing and Soaking for 3 minutes

More than 90% of
pesticides degraded

Washing and Soaking for 1 minute

Kills up to 99.99%
of bacteria

Used in major healthcare facilities in Japan, OZONE Water is antibacterial and can be used in the following ways:

Personal hygiene

Food sanitation

Removing pesticides from produce

Disinfecting surfaces and countertops

Bathroom cleaning

Deodorization of towels & fabrics

Disinfecting baby supplies

Disinfecting kitchen tools

Pet deodorization

BiOLUX technology ensures our **OZONE Water** is highly effective at concentrations of up to 4ppm.

Certified by U.S FDA, The Soil Association, Campden BRI and SGS Switzerland, **BiOLUX OZONE Water** fulfills OSHA standards and is harmless to the human body. Secure your family's health and hygiene with **OZONE Water** for a chemical-free home.

Internationally Renowned Food Safety

Highly concentrated **OZONE Water** is a first class product used in internationally renowned hotel chains such as:

Marriott
Hilton
Sheraton
Shangri-La
Ritz- Carlton
Inter-Continental

BIOLUX HYDROGEN FOUNTAIN

Elegant Design · 3 in 1 · Unparalleled Quality

Features -
Infrared Sensor
Controlled OZONE
Water.

Touch-free OZONE Water
dispenser for hygienic
usage at all times.

Uses of the BiOLUX HYDROGEN Fountain

H₂O

+

H₂

**HYDROGEN Water
for Drinking**

Kill bacteria with highly
concentrated OZONE Water
for chemical-free
sanitation.

Revolutionary Technology from US DuPont

High Concentration, High Saturation and High Stability.

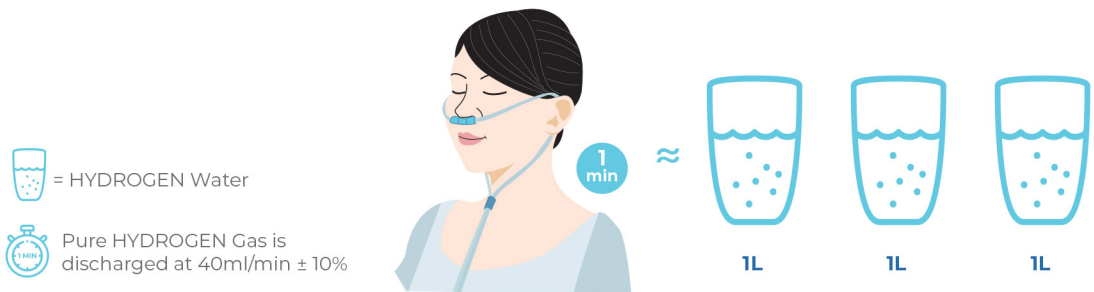

Utilising DuPont's platinum coated ion exchange membrane, our electrolysis process produces **HYDROGEN Water** that is extraordinarily safe, rich, and stable, containing molecular HYDROGEN of up to 1,299ppb, certified by the Japan Hydrogen Water Promotion Association (JHPA).

HYDROGEN Fountain's Pure HYDROGEN Gas

Our machines generate pure HYDROGEN Gas with a molecular purity of > 99.999%.

Inhaling 1 minute pure HYDROGEN Gas is approximately equivalent to drinking 3 litres of HYDROGEN Water.

Antioxidant and anti-inflammation by inhaling 1 hour a day

* Individual results may vary and are not intended to represent or guarantee that anyone will achieve the same or similar results.

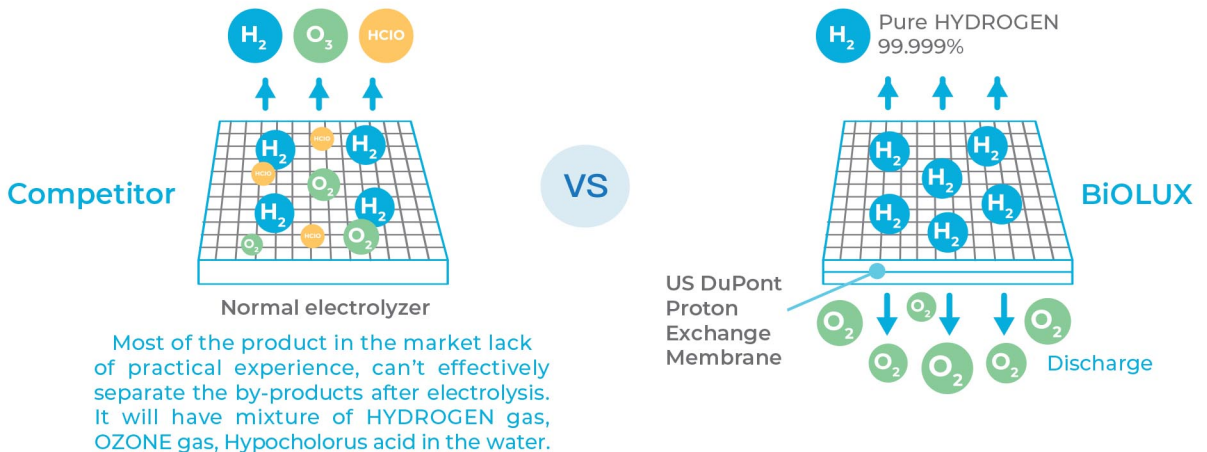

PORTABLE HYDROGEN POT

Designed For Your Whole Family

The World's First Portable HYDROGEN Pot

With Patented Indirect Electrolytic Technology

Features of Portable HYDROGEN Pot

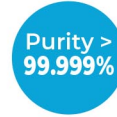

Compact Design

With a 1,800ml capacity

Elegant Design

With soothing lighting display

Ultrahigh Purity HYDROGEN Gas

Inhaling 1 min \approx 1L HYDROGEN Water*

Smart Heating Controls

Heating up to 80°C

Portable and Convenient

No installation required

Highly Concentrated Dissolved HYDROGEN

Between 1,000 - 1,200 ppb

** Individual results may vary and are not intended to represent or guarantee that anyone will achieve the same or similar results.*

The Heat Functions of a Portable HYDROGEN Pot

Heats up to 80°C

80°C

Not too hot, not too cold. Just nice! Drinking warm water encourages blood circulation and overall health. Dispense the perfect temperature for a warm drink at any time. Great on cool days!

Room Temperature

Boost your daily hydration with HYDROGEN in every glass. Experience benefits like improved immunity, better sleep, higher metabolism, lower stress levels, and increased energy.

**One 200ml Glass of
HYDROGEN Water =
100 Lemons of Antioxidant Level**

A powerful boost that improves your body's natural healing potential against disease and inflammation, just one glass of HYDROGEN Water can reduce oxidation in the body.

**By Now, You Should Know
Disinfection is Not a Choice,
But the Way to Live!**

In 1865, they did not believe hand-washing was important for infection control, instead they sent their doctor to the mental asylum.

You need not make the same mistake today.

AUTOMATIC WATER SANITATION SYSTEM (WSS)

Chemical-Free Disinfection

Water and waterline disinfection. Protects against waterline biofilm growth.

Automatic Water Sanitation System (WSS) applies a revolutionary AOP (Advanced Oxidation Process) technology that can convert your regular tap water into OZONE Water.

Kills up to
99.99% of bacteria
and viruses

3000x
faster

Effective
sanitation
(vs chlorine)

50x
stronger

Oxidation
performance
(vs chlorine)

Protects
against
pathogens

Reduces
costs and
labour hours

Application of Automatic Water Sanitation System (WSS)

Plant an Automatic Water Sanitation System (WSS) today at your pipeline, you enjoy full protection, non-chemical disinfection, and a clean environment, free-flow, as nature should be.

Hospitals / Clinics

Nursery Centre

Restaurants

Schools

Mosques

Public Toilets

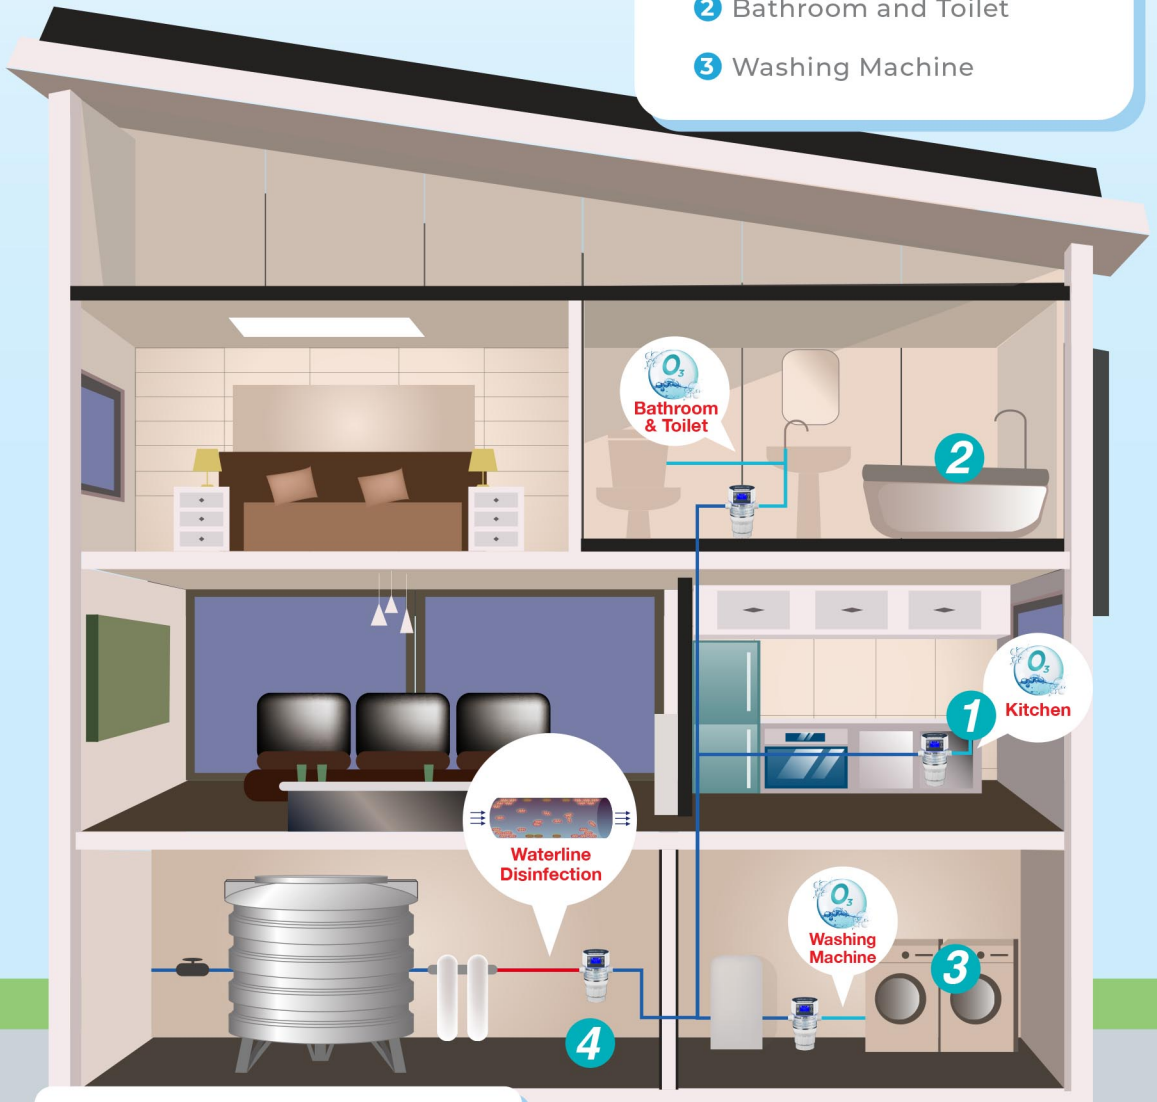

FOOT OPERATED SINK** (500 x 450 x 850mm)

** Foot operated sink and WSS are sold separately.

Terminal Applications:

Direct application of high concentration OZONE water

- 1 Kitchen
- 2 Bathroom and Toilet
- 3 Washing Machine

Whole-house Application:

Prevent growth of biofilms

- 4 Waterline Disinfection

MULTIPURPOSE OZONE BOTTLE (MOB)

Instant Disinfectant for Epidemics Prevention

Just add water

Recommended by US dentist: Dr. Wayne Simmons for oral hygiene

Disinfection On-The-Go. Anytime. Everywhere

Multipurpose OZONE Bottle is a portable OZONE sprayer which applies a revolutionary AOP (Advanced Oxidation Process) technology that by filling any tap water and convert into high purity OZONE Water in 1.5 minute.

Kills up to
99.99% of bacteria
and viruses

SPACE SANITIZER SYSTEM (SSS)

Leading The Way To The **NEW NORM** With **OZONE** Protection

BiOLUX Space Sanitizer System (SSS) provides a **safe low-concentration OZONE** of 0.05 to 0.1 ppm, which complies with the **OSHA Occupational Safety Regulations** of the United States and can **help increase the environmental humidity to reduce the chance of droplet infection.**^{#1}

This system is ideal for families with babies, toddlers and the elderly as well as those that enjoy frequent social gatherings.

Kills **99.998%**
COVID-19 virus
& bacteria

HYDROGEN SPA

Benefits of the HYDROGEN Spa

Soothes Burns

Eases sunburns and thermal burns

Improves Skin Regeneration

Revitalises supple skin elasticity

Speedy Recovery

Helps heal scars and wounds faster

Relieve Muscle Soreness

For post-workout recovery

Improves Hair and Texture

Stimulates hair growth and softens hair textures

Soothes Dermatitis

Comforts and supports skin disorders

What Our Customers Say

BEFORE

Skin Eczema and Inflammation

My daughter was suffering from serious eczema on her inner thighs.

She started drinking BIOLUX HYDROGEN Water every day and soaking her legs in BIOLUX OZONE Water once a day.

Two weeks later, we find her redness and rashes are improving and more under control.

- Andrew H, Petaling Jaya

AFTER

We've had the BIOLUX HYDROGEN Fountain for over 2 years now, using OZONE Water to disinfect water bottles, and as a mouthwash to kill bad bacteria during sore throats and coughs. We drink plenty of HYDROGEN Water daily to lower body inflammation.

Our father-in-law is a cancer patient and since drinking HYDROGEN Water, we find that his appetite has increased and his overall condition has improved.

- Mr. & Mrs. Tan, Klang

OZONE Water is my favourite kitchen helper! I use it to clean my fruits, vegetables, and meat. It also removes odours from my food containers.

For my dog, I rinse her in OZONE Water to help with body odour and lice. After her broken leg, I cleaned her surgical wounds with OZONE and HYDROGEN Water to speed up the healing process, and it recovered really well.

Sometimes I even do a face mask soak in HYDROGEN Water. It really rejuvenates my skin!

- Ms. Ina Kuan, Petaling Jaya

Established in 1988, Biotek Environmental Science Ltd ("BES GROUP") has been focusing on the development of Electrolytic Technology to produce Highly Concentrated Dissolved OZONE and High Purity HYDROGEN for both household and professional applications. BIOLUX NETWORK (ASIA) SDN BHD is our Malaysia based company to incharge of Asia market.

Via strong collaboration with distribution network partners internationally, our sales office are able to better understand the market demands and global trends. Our product and marketing department are located in Taipei Taiwan and our Electrolysis Research Laboratory, R&D Centre, and manufacturing facility is located in Yantai, China.

Up to date, we have obtained more than 60 patents and are certified by leading international independent test agencies for product safety and durability.

As the World's Leading OZONE and HYDROGEN Technology Company, we are continuously developing cutting-edge products to enhance your competitiveness, efficiency and optimizing user experiences. Our goals are to offer, safe, high performance, durable products that satisfy the users needs for a healthy lifestyle.

Our products are categorised into two categories namely, BioSure Professional and BiOLUX. We rededicated to provide safer sanitation solutions that create healthier environment and improve the quality of life.
